Thank You Letter

Dear Mr. Mzila Mthenjane,

On behalf of 67CEOs Foundation, I want to extend a heart-felt thank you to you, the Exxaro team for invaluable contributions and for the partnership at the 3rd annual 67CEOs Global Entrepreneurship Week (GEW), held in Lephalale, Emalahleni and Centurion from 12-23 November, 2019.

The theme: **Advancing Market Access** was selected as a result of disruptive innovations which are transforming South Africa and Africa's economic potential, creating new target markets and unprecedented consumer choice. At 67CEOs #GEW2019, we had dynamic impact-driven panel discussions, offer strategic educational masterclasses, created net- working opportunities and a Market Day for SMMEs to sell their products, 90% of them made sales/money on the platform.

In the 3 regions, we had almost 400 SMMEs in attendance, awarded 9 pitching competition winners R200,000 cash as access to market grant, procurement of products/services from black youth owned businesses, mostly female and generated over 15 million impression on Twitter only, including Live coverage/interview by mainstream media such as Capricon FM, Emalahleni FM and eNCA.

"What counts in life is not the mere fact that we have lived. It is what difference we have made to the lives of others that will determine the significance of the life we lead." – Nelson Mandela.

As we continue to grow as a Non-Profit Company, kindly know that your continuous and long-term participation and partnership with us are vital to the success of organisation's mandate and sustainability of the impacts we make together in the lives of South African and African SMMEs.

Thank You! Yours Sincerely,

Sam Apata

Global Entrepreneurship Week 2020 (save the date)

In November 2020, Global Entrepreneurship Network will celebrate 13 years of helping millions of people unleash their ideas to start and scale new businesses through Global Entrepreneurship Week. The campaign began in 2008 with an emphasis on inspiring young people to make their mark and has quickly grown to become a comprehensive effort that engages entrepreneurs, investors, policymakers, researchers, support organisations and others collaborating to advance economic growth and innovation in more than 170 countries around the world.

Roughly 35,000 events and competitions will take place during #GEW2019 – connecting nearly 10 million participants to potential collaborators, mentors and even investors. Dozens of world leaders on every continent and a network of more than 15,000 partner organisations support the initiative every year.

67CEOs Foundation will organise its 4th edition in 2020. There will be keynote speech, masterclass, panel discussion and demo days during Global Entrepreneurship Week. CEOs deliver applicable relevant workshops focusing on subject matters that encourage entrepreneurship and job creation in South Africa. Entrepreneurs will use the platform to present their products and services to potential investors alike.
